

## **Schedule 2      Directory for aeronautical knowledge standards for a RePL training course**

### **Appendix 1      Aeronautical knowledge standards — Common units**

<b>Unit code</b>	<b>Unit of knowledge</b>
RBAK	Basic aviation knowledge for RPAS
RACP	Airspace, charts and aeronautical publications for RPAS
RBMO	Basic meteorology for RPAS operations
REES	Electrical and electronic systems for RPAS
RHPF	Human performance for RPAS
RKOP	RPAS knowledge — operations and procedures
RORA	Operational rules and air law for RPAS
RAFM	Automated flight management systems for RPAS — knowledge

### **Appendix 2      Aeronautical knowledge standards — Aeroplane category**

<b>Unit code</b>	<b>Unit of knowledge</b>
RBKA	RPA that is an aeroplane — aircraft knowledge and operation principles

### **Appendix 3      Aeronautical knowledge standards — Helicopter (multirotor class) category**

<b>Unit code</b>	<b>Unit of knowledge</b>
RBKM	RPA that is a multirotor — aeronautical knowledge and operation principles

### **Appendix 4      Aeronautical knowledge standards — Helicopter (single rotor class) category**

<b>Unit code</b>	<b>Unit of knowledge</b>
RBKH	RPA that is a helicopter — aeronautical knowledge and operation principles
